

## SKYLINE ZIPLINE Health & Safety

- Skyline will take all steps possible to provide a safe, fun experience but cannot totally guarantee safety. This Zipline is an adventure activity and as such involves the risk of serious harm and death.
- Tandem rides are not possible on the zipline.
- Weight must be over 27kg and height over 122cm.
- Maximum individual weight is 125kg.
- You must be in good health, free from heart condition, back or neck problems or other medical conditions that may be aggravated by this activity. If you are unsure, please ask your guide.
- The Zipline involves high speeds and significant heights. IT may be both mentally and physically demanding.
- You must follow staff instructions at all times as this is crucial to your safety.
- Use of the Zipline without staff supervision is strictly prohibited.
- Expectant mothers should not partake.
- Guests must wear an appropriate helmet and footwear.
- Long hair and loose items must be secured.
- No smoking, vaping, eating or drinking while partaking in the tour.
- If you are unsure at any time about instructions given to you, please ask your guide.
- If a guest shows any signs of being under the influence of alcohol/drugs, they will be unable to ride.
- Skyline reserves the right to refuse any guest from participating.
- Guests retain the right to opt out at any time prior to participation, without incurring penalties or obligations.
